

# AluBasket<sup>®</sup>

A SOLUTION FOR TRANSPORTING AND HANDLING ALUMINIUM PROFILES

“In this sustainable solution, the customer leases baskets from Mäkelä Alu for the easy storage and handling of aluminium profiles.”

**MÄKELÄ ALU**

## Customer benefits

- » You will receive baskets to use for the storage and handling of long aluminium profiles.
- » The baskets can be stacked and moved using forklift trucks, which makes the profiles easier to handle. The baskets also protect the profiles from knocks and dents.
- » An environmentally friendly solution: the baskets are reusable.

## Operating model

## Features of the AluBasket<sup>®</sup>-service

- » Sturdy and weatherproof aluminium baskets.
- » An environmentally friendly way to handle profiles.
