

Appendix: WARRANTY TERMS FOR DECORAL COATING UNDER SPECIAL CONDITIONS

MÄKELÄ ALU OY provides a five (5) year warranty for Decoral coating under special conditions in accordance with the terms of this appendix. In addition to the existing warranty terms for the Decoral coating, this appendix specifies the terms regarding the use of the coating under special conditions. Special conditions refer to unusual weather conditions and other exceptional conditions (e.g. maritime climate, swimming pools, etc.).

The customer is responsible for ensuring that Mäkelä Alu Oy has all the necessary information regarding the intended use of the product so that the supplier is able to ensure the proper pre-treatment of the product and able to guarantee the warranty period specified in this appendix.

If a Decoral-coated product is intended to be used under special conditions, the surface must be anodized before Mäkelä Alu Oy's painting and coating process.

The warranty/liability does not apply to parts damaged due to the use of improper detergents, installation, or other measures that may damage the coating.

The warranty/liability does not apply to parts damaged due to scratches or other surface damage.
